## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-44 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art known to the Examiner is listed on the PTO 892 and IDS forms of the previous Office action. None of the references cited or combinations thereof disclose or suggest generating a tooling model corresponding to said contact area geometry; virtual machining said tooling model to generate said fixtures and tooling; generating machining instructions and drawings to create said fixtures and tooling; and said tooling model exhibiting an associative relationship with said contact area geometry in horizontally structured CAD/CAM as required by the presently claimed invention. Therefore, Claims 1-44 are allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
